

"I think there is beauty in everything. What 'normal' people perceive as ugly, I can usually see something of beauty in it."

"What's my style is not your style, and I don't see how you can define it. It's something that expresses who you are in your own way."

"Fashion you can buy, but style you possess.
The key to style is knowing who you are,
which takes years. There's no how-to read
map to style. It's about self-expression and,
above all, attitude."
